

Workplace Pension Auto-enrolment

Why do I have to be enrolled into a pension?

The government guidelines state that all eligible workers must be auto enrolled into a workplace pension scheme by their employer. An individual is eligible if they:

- Work in the UK
- Are aged between 22 and the state pension age
- Earn more than £10,000 per year

Who do we use as our workplace pension provider?

Nest Pensions

Website: www.nestpensions.org.uk

Contact number: 0300 020 0090

What is the process?

Rise Contracting Services Ltd is legally required to enrol all eligible workers into a workplace pension scheme as of your start date

Rise Contracting Services Ltd elect to defer the automatic enrolment for the first 3 months of your employment. After this deferral period Rise will automatically enrol any eligible worker into the pension scheme with Nest pensions.

Can I opt in before the deferral period end date?

Yes – You can opt in earlier if you're eligible by emailing us at info@risecs.co.uk quoting "I confirm I personally submitted this notice to join a workplace pension scheme"

Can I opt out of the workplace pension scheme?

Yes – Once you have been enrolled you will receive a Welcome Pack from Nest. You do then have the option to opt out. This needs to be done with Nest directly by calling them on **0300 020 0090** or online via www.nestpensions.org.uk/member-hub and following the instructions.
